my friend Mr Field an Italian paper giving a description of the ceremony in the Protestant Cemetery in Rome, I have also received the Times, which of course you have read.

Mr Wilson of Cincinatti has kindly sent me a water coloured painting of the two graves of my dear brother, and poor Severn. I have not yet received it. Hoping that you are all well and happy, believe me to remain

Yours very sincerely

When you write, have the goodness to send me three or four printed pension certificates, for I have only one left.
